DATE: January 10, 2017

SUBJECT: Employee Dislocation Notification
Sensata Technologies, Inc.
WARN # 20170001

Sensata Technologies, Inc. has filed an official WARN Notice with the Tennessee Department of Labor and Workforce Development, notifying the agency of a permanent closure which is effective June 2017. The total number of affected workers is 300. This company is located at 101 Evergreen Drive, Springfield, TN 37172. The company notified the Tennessee Department of Labor and Workforce Development's Dislocated Worker Unit on January 9, 2017.

The employees at the facility are not represented by a collective bargaining agreement. The local Department of Labor and Workforce Development Rapid Response team has been providing services for the effected employees beginning in 2016. Entire workforce at the Facility was notified about the impending reduction in force and Facility closure earlier in 2016, and employees were provided with regular updates as plans and timeline had become more certain, most recently including updates provided at meetings at the Facility on November 29 and 30, 2016. In addition, each impacted employee has been or will be provided with at least sixty (60) days written notice of his or her assigned termination date. A Trade Petition was filed and was certified on May 16, 2016.

If you need additional information or have questions, please contact the Dislocated Worker Unit at (615) 741-1031.

For legislative office inquiries concerning this WARN, please contact:
